Keypad Locks

FE575 Keypad Entry with Auto-Lock Feature

Security That's Built Right In

Schlage Keypad Locks with the Auto-Lock feature automatically re-lock five seconds after use, providing complete confidence and protection for your family and valuables. Ideal for use on doors leading to basement stairways, storage and utility rooms, workshops and more.

Security and Quality

- Grade 2 ANSI/BHMA certified
- Patented commercial grade clutching motor drive; tested to one million cycles
- Vandal resistant clutching lever and knob design
- Code control; 6-digit programming code required to add and delete user codes
- Warning sounds after four incorrect codes entered; keypad disabled for 30 seconds
- Mechanical key override; patent pending

Convenience

- Convenient keyless access; no keys to hide, lose or forget
- Pre-set with random 6-digit programming code and two random 4-digit user codes
- 19 user code capacity; 10,000 user code combinations
- Easily programmed right at the keypad; no need to remove inside escutcheon
- Blue LEDs illuminate the keypad on demand
- Reversible levers for left- or right-handed doors
- Emergency exit feature; allows for panic-free exit
- Locks can be re-keyed to match existing locks
- 9-volt alkaline battery included

Styles shown: Plymouth Satin Nickel with Flair lever (left) and Camelot Aged Bronze with Accent lever (above)

Easy to Install and Operate

- **Fits most standard door preps;** no need to drill additional holes

- **One-tool installation;** use just a screwdriver on pre-prepped doors

- **9-volt battery operation;** no special wiring required

FE575 Keypad Entry with Auto-Lock Feature
